

Subject: Your Clearance Request: eApp/Fingerprints Required (Requisition #: 2605-63341)

Date: Monday, May 18, 2026 at 2:22:31 PM Eastern Daylight Time

From: noreply_s3c@bah.com

To: Chokshi, Milind [USA]

CC: Wieman, Steven [USA], Spencer, Jason [USA], Tate, Charles [USA]

Milind,

IMPORTANT: You have 10 business days to complete and submit your clearance application in eApp.

Your SF-86 has been initiated in eApp. You should be receiving an "ACTION REQUIRED" invitation email from the NBIS/eApp system containing instructions on creating and/or logging into your account.

These are your required actions:

- **Log in and complete your SF-86 in eApp**
- **Submit the application after signing all applicable releases**
- **Complete electronic fingerprints**
- **Save an archival copy of your completed SF-86**

If you encounter any eApp login or multi-factor authentication issues, please contact the **DCSA Help Desk** at **878-274-1344** or dcsa.ITSupport@mail.mil. For questions or assistance with completing your SF-86 in eApp, please contact the **Applicant Knowledge Center** at **878-274-5091** or DCSAAKC@mail.mil. Detailed SF-86 completion instructions will be available once you access the system and begin your application.

For New Hire Candidates: Once you complete your security clearance application and we submit it to the government on your behalf, we have no control over the federal investigative process. This means that the investigation, which includes contacting your previous and current employer, will happen without prior notice to you or us. During the government's interaction with your employer(s), it is likely that they will divulge that the investigation is for a position with our firm. If you do not want your employer to become aware that you have applied for a position with our firm, you must inform your Booz Allen HR rep that you wish to delay your clearance processing until a specified date. You also cannot simply choose to delay filling out the security paperwork since this will result in escalation notifications to your hiring team and your recruiter.

Fingerprint Instructions

- **Go to www.FieldPrintswft.com**
- **Click "Schedule an Appointment" and create a secure username/password**

- When prompted to enter a FieldPrint Code, enter: **FPBAHMcLean17038**
- You will provide your contact and demographic info. The information is required by the FBI in order to process the criminal history search.
- From this point forward, the website will prompt you for the required information to find a local collection facility and you can then schedule an appointment. Instructions, directions, maps, and photos will all be provided online.
- If you have any issues or questions contact FieldPrint's customer service team at (800) 799-1067 or at CustomerService@FieldPrint.com. You may also select the "Contact Us" link on the website.
- If you are located overseas, please contact the security office at your assigned/local U.S. government/military installation -- they will generally be able to take your fingerprints and upload them directly to the Secure Web Fingerprint Transmission (SWFT) system. The following information may be required: SON = 346W / SOI = DD03 / IPAC/ALC = 97008801. Please send a confirmation email to S3C@bah.com once your overseas fingerprints have been taken.

Once these steps are complete, the S3C will review the SF-86 solely to determine its adequacy and completeness before releasing to the government. The information provided in the SF-86 will be used for no other purpose within the company (Reference: 32 CFR Part 117.10 NISPOM and Section 552a of title 5, United States Code, Privacy Act of 1974).

If you need assistance, please contact the S3C at S3C@bah.com or 703-377-4357 (HELP).
